Department of Commerce

Notice of Hearing on Proposed Administrative Regulations

The Department of Commerce will conduct a public hearing at 10 a.m. Monday, April 27, in the fifth floor conference room, Capitol Tower, 400 S.W. 8th, Topeka, to consider proposed permanent regulations for the State of Kansas Investments in Lifelong Learning (SKILL) program. All interested persons will be given a reasonable opportunity at the hearing to present their views or arguments, either orally or in writing, concerning the proposed regulations. In addition, the 30-day period of public notice hereby provided constitutes a public comment period for the purpose of receiving written public comments on the proposed regulations. Such written comments may be submitted prior to the hearing to the Department of Commerce, Industrial Development Division, at the address above.

The SKILL program allows employers to enter into agreements with the state and a training provider to establish training projects for new employees. Immediate training project costs are financed through state-issue, tax-exempt, public purpose bonds. A summary of the proposed regulations and their anticipated ec-

onomic impact follows:

K.A.R. 110-4-1 defines all terms used in the regulations and clarifies statutory terms for the purpose of

administering the SKILL program.

K.A.R. 110-4-2 establishes review standards and priorities for the approval of proposed agreements and places limits on individual project costs and size. More specifically, the language of this article lists the information required by the Department of Commerce in order to initiate the review procedure. Finally, the article identifies 10 factors that will be used to determine whether a project should be funded and the amount of such funding. These factors are:

(1) the per capita cost of training expenses to be

funded by the program;

(2) the amount of funds used to pay project costs from alternative sources;

(3) the needs and tangible impact of the proposed

project;

(4) the quality of the jobs to be created;

(5) the extent to which the proposed project is being coordinated with other projects;

(6) the extent to which the proposed project does not duplicate existing training resources;

(7) the extent to which the project is fiscally efficient;

(8) the extent to which program funds are essential to project success;

(9) the economic stability of the client company;

(10) the client company's plans and intentions for future operations in the state.

K.A.R. 110-4-3 clarifies that the statutorily imposed maximum funding restrictions for the SKILL program does not limit the amount of project costs that can be paid from non-SKILL sources.

K.A.R. 110-4-4 clarifies the enforcement responsibilities of the Secretary of Commerce with respect to

individual agreements.

Economic Impact: There is no tangible fiscal cost associated with the adoption of the proposed regulations. However, up to 1 percent of total statewide withholding taxes can be utilized to repay the principal and interest of all job training bond issues. Potential beneficiaries of the SKILL program include any business classified as a "Kansas basic enterprise," private citizens who receive new employment opportunities, and the community at-large through an expanded tax base.

Copies of the administrative regulations and the related economic impact statement may be obtained from the Department of Commerce at the address above,

(913) 296-3483.
